

## WHY LIE AWAKE ALL NIGHT WORRYING ABOUT YOUR HEART?

### **Do you have a family history of high cholesterol, diabetes or heart disease?**

Mercy General Hospital's Heart and Vascular Institute is now offering Coronary Calcium Scoring, a test that can detect signs of heart disease years before the onset of major health problems.

It's fast, non-invasive and painless.

This is a cash program payable by cash, check or credit card. Your insurance will not be billed.

Mercy General Hospital performs more heart and vascular procedures than any other hospital in California. See what makes us one of the nation's 100 Top Hospitals

Call (916) 733-6961 to make an appointment and find out your Calcium Score. Your results will be mailed to you within 24 hours.
